Roadwork scheduled in Anahola from June 29 to July 10

ANAHOLA – The Department of Public Works is announcing that DMK and Associates will begin roadwork in Anahola on weekdays except for July 4, Independence Day, from June 29 through July 10, 2020, 7:30 a.m. to 4:30 p.m. weather permitting.

Work will be done on Hokualele Road (makai of Kūhiō Hwy to end), Kamalomaloo Place, and Malama Aina Place.

The scope of the work includes asphalt crack cleaning and filling, seal coating, and striping the roadways.

From June 29 through July 1 there will be no road closures during the asphalt crack cleaning and filling phase of work. There may be short delays in entering and exiting from your road. No parking will be allowed on the road or road shoulders.

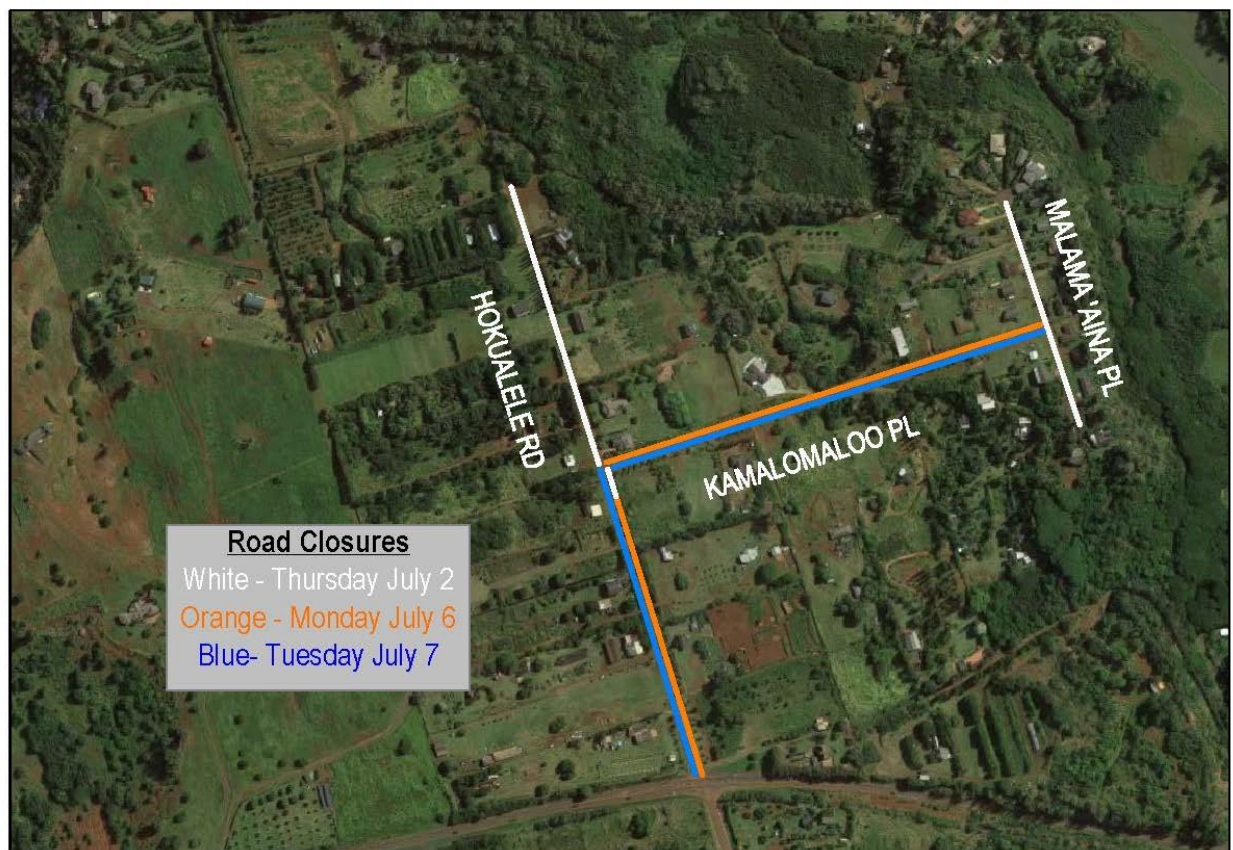

From July 2 through July 7 there will be lane closures during the seal coating phase of work. No parking will be allowed on the road or road shoulders. No vehicle access on the roadway or grassy shoulders. No vehicle entering or exiting until the seal coat is dry and the lane reopened. No walking on wet seal coat. The work zone will be coned off to prevent anyone from driving or stepping on wet materials.

From July 8 through July 10 there will be no road closures during the striping phase of work.

For all phases of work, exercise caution when driving to ensure the safety of everyone. Please see the map below for specific locations and dates of the road closures. Be on the lookout for “No Parking” and or “Road Closed” barricades and signs. This will be an indication that work is in the area. Vehicle parking will not be allowed in the work zone after 7:30 a.m. Please make arrangements to accommodate the necessary road work. Any vehicle left on the street or grassy road shoulders within the work zones after 7:30 a.m. will be towed at the owner's expense. Work may be extended pending weather conditions.

For questions regarding this project, please call DMK and Associates at 246-2003 or visit www.dmkhawaii.com.
